Office Action Summary

Art Unit: 1714

1. The response received September 9, 2002 has been made of record. Claims 27-38 are pending.

2. Claims 27-38 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kamel.

The rejection is maintained for reasons of record.

Applicants argue, "claim 27 clearly states that it is the surface of...and to which the hydrophilic polymer is coupled".

The examiner disagrees. The language of claim 27 is not seen as requiring the coupling agent to couple any particular polymeric species.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
